Dear colleagues Trainers, Masters and Sport Executives,

With true pleasure, I invite you to the Bestfighter Wako World Cup 2019.

This is the 24th edition and we are working hard to keep the promises we made to you. 1) Increase the number of competition areas to speed up the development of competitions, and 2) be able to proceed with the awards in a shorter time. We have paid particular attention to days and times for accreditation and weight control, to make it easier for you to organize your trip to Rimini. It is our way to thank you and your athletes; that with the high professionalism of your schools, you have contributed for years to the success of the tournament.

Dear Athletes, this year we would like to launch a new initiative, we want your suggestions; we will keep it in mind and we will do everything possible to implement them, we want to build the perfect race with you. Coming soon on the official website www.bestfighter.com there will be a special space to welcome your advice, take advantage of it. Actually, we believe that it is a great help to confirm the opportunity to start in more categories, paying only the first two. While another significant help consists of the registration fees discounted until 12 may 😊

Dear Referees, the success of the Bestfighter, like any tournament, depends largely on you, for this reason, all the staff and I will try to facilitate you to facilitate your difficult task. I am sure that this year too you will be able to play your role with impartiality and professionalism, and for this, you deserve special thanks. I really thank you for the passion with which you dedicate yourself to our sport, just like the athletes and fellow Masters. Those who wish to be part of the "Bestfighter Referees Team" are asked to contact the Chief Marco Pacor and Sami Savo (Ring Sports), and Oriano De Bei and Manuel Doria (Tatami Sports).

Dear Parents, YOU ALL ARE WELCOME in Rimini, accompany your children and your children to the Best, enjoy this experience with them, reassure them without creating expectations of results, they will grow and perhaps become champions, but for now let them have fun, socialize and know so many new friends. Enjoy the Wako World Community, in the beautiful setting of the Bestfighter tournament.

Welcome and see you soon
