Mr. Donato Milano*

Dearest friends,

I'm proud to renew your usual invitation to the next "Bestfighter".

Renowned international event that has contributed since its origins to the development of an innovative and effective format for the practice and high-level dissemination of Kickboxing disciplines under the aegis of the WAKO, the World Federation of reference recognized by the IOC.

A format borrowed everywhere, an event that every year show us new details, technological innovations, and disciplines. In fact, in recent years we have witnessed an ever-increasing participation of Ring Sport athletes with an excellent level who contribute to making the conquest of the top positions in the standings ambitious. Position that assigns a score that helps to define the Best Fighter of the various disciplines of WAKO.

Last born, but already of great impact, is the inclusion of the competitions reserved for the "Children" in Pointfight style. Dedicated space and great attention to our very young Champions to whom the whole sports world looks with great interest.

To all this we add the splendid scenery of the Adriatic Riviera in that of Rimini known throughout the world, famous for the Art of Hospitality "of kindness, of the renowned cuisine.

A show whose direction is entrusted to the skilled hands of the creator of the format, the Master Gianfranco Rizzi, Master and Technician of great depth, a deep knowledge of our disciplines and "maniac" of perfection, of details.

In short, an explosive mix of ingredients, a tournaments that should not be missed:

SEE YOU IN RIMINI MY FRIENDS, I will be there
