SOMETHING ABOUT RIMINI

Ever since, the first sea-bathing establishment was opened in 1843, the Province of Rimini is **an ideal place for holidaymakers in search of relaxing days on the beach and in the sea, or fun and games in one of our several theme parks; and equally ideal**

for lovers of night-life, for visitors interested in the art treasures of the past, and for anyone wishing to see the historic centers of the Malatesta Seiniory, all so rich in history and tradition.

Features of outstanding historic interest can be found throughout the province, as echoes of ancient traditions: fairs, popular festivals, traditional crafts. Just a few

examples: Verucchio, cradle of the Malatesta Seiniory; Poggio Berni, where the mills stood; Montescudo, with the remains of its castle still surrounded by unspoilt countryside; Torriana with its architectural jewels Montebello and Saiano; San Giovanni in Marignano, granary of the Malatestas; Morciano, the market town; and Gemmano with its superb wildlife oasis, Onferno.

On the subject of food and wine in this area, we must not forget the **"Colli di Rimini" DOC wines, extra-virgin olive oil, and cheeses**, products of exceptional quality which have given rise to a provincial project entitled "Rimini Hills Wines and Flavours Trail".
